CONTENTS

Vol. 54, No. 1, April 25, 1951.

PAGE

Matuda, Y. A Glacial Acetic Acid-soluble Protein and a Hexosamine-containing Polysaccharide from a Liver-metastasis of Gastric Cancer... 1

Matuda, Y. and **Itoh, E.** Biochemical Studies on Carbohydrates. CXXXVIII. A Search for the Unknown Nitrogenous Determinant Group of Masamune in the Group Carbohydrate from the Mucus-mucin of Pig Stomach. 5

Takahashi, S. and **Shinozaki, T.** A Method to Take a Kymogram of the Heart along the Perimeter of the Transection. A Preliminary Report.... 9

Tukahara, S. Modulators and Dominators of the Toad's Retina. 11

Hukuhara, T. Der Einfluß des Atropins auf die Dünndarmbewegung.... 21

Hukuhara, T. and **Yokoyama, S.** Über die Automatie des Sino-Atrial-Ringes des Warmblüterherzens.... 29

Abe, Z. Influence of Adaptation on the Strength-Frequency Curve of Human Eyes, as Determined with Electrically Produced Flickering Phosphenes.... 37

Mita, T., Abe, Z. and **Byonshik, T.** On the Essential Factors of Motokawa's Method for Measuring Fatigue.... 45

Inazawa, H. Biochemical Studies on Carbohydrates. CXXXIX. On Non-amino Sugars in Serum Proteins.... 53

Takahashi, S., Imaoka, M. and **Shinozaki, T.** Rotatory Crossgraphy. (Study on the Rotatography.) Fourth Report. 59

Ito, M. Studies on Melanin. X. Incontinentia pigmenti (Bloch-Sulzberger).... 67

Iijima, S. Prurigo nodularis. 73

Isikawa, T. Biochemical Studies on Carbohydrates. CXL. On Mucoitin from Vitreus Humor. 81

Seto, H. Silver Impregnation for the Nervous System Being Used in Our Laboratory.... 85

Mitsuki, K. and **Uesugi, M.** A Simple Benzidinepaper Test for Occult Blood Examination. 91

Mitsuki, K. and **Shirane, Y.** On the New Duodenal Tube.... 95

Tsuiki, Y. Experiences on Labyrinthine Surgery. First Report.... ... 99

Vol. 54, No. 2, June 25, 1951.

Sakamoto, K. Histological Study on the Innervation of the Human Cornea.... 105

PAGE

Yosizawa, Z. Biochemical Studies on Carbohydrates. CXLI. Structural Study of A Group-specific Carbohydrate from Mucus-mucin of Pig Stomach. Fifth Paper. 115

Takahashi, S. and **Nikaido, T.** Solidography. A Method to Take Radiogram of the Body in Three Dimensions (Study on the Rotatography. 5th Report). 121

Sato, A. Which is the Better, Arakawa's Reaction or Thiamin Test of Human Milk? 128

Yosizawa, Z. Biochemical Studies on Carbohydrates. CXLII. Structural Study of Group A-specific Substance from Mucus-mucin of Pig Stomach. Sixth Paper. 129

Miura, O. On the Demarcation Lines of Pigmentation Observed among the Japanese, on Inner Sides of Their Extremities and on Anterior and Posterior Sides of Their Medial Regions. 135

Inamura, S. Anatomical Studies on the Labyrinth of Anguilla japonica. 141

Ouchi, N. Studies on the Antibiotic Substances from Actinomyces. (7th Report). 144

Inamura, S. Effect of Various Sorts of Ion on the Sensoria of the Labyrinth of Eel (Anguila japonica) (A summarized note). 145

Yamada, K. Studies on the Innervation of Clitoris in 10th Month Human Embryo. 151

Kikuchi, M. Studies on the Antibiotic Substances from Actinomyces. (8th Report). 158

Sakamoto, K. Sensory Innervation of Conjunctiva sclerae in Human Adult. 159

Yamada, K. On the Sensory Nerve Terminations in Clitoris in Human Adult. 163

Seto, H. On the Special Nerve Terminations in Ganglion semilunare and Ganglion nodosum. 175

Ishida, N. Studies on the Antibiotic Substances from Actinomyces. (9th Report). 180

Ito, M. Studies on Melanin. XI. Further Contribution on the Pigment-bearing Cells in Mongolian Spot and Blue Nevus. 181

Ishida, N., Katagiri, K. and **Chida, R.** Studies on the Biological Methods of Assaying Streptomycin. A Comparative Study of Cup-, Paper Disc-, Pulp Disc-, and Superposition-Assay Methods. 188

Tukahara, S. and **Abe, Z.** Resonance Phenomena of Photopic and Scotopic Receptors. 189

Isikawa, T. Biochemical Studies on Carbohydrates. CXLIII. Mucosin. Second Report: A Few Derivatives. 197

PAGE

Shimizu, I. A One-dimensional Diffusion Method of Assaying Streptomycin. (2nd Report). 202

Vol. 54, No. 3, August 25, 1951.

Satake, R. Dignosis of the Sarcoma by a Skin-Test.... 203

Tamura, A. and **Takahashi, M.** Study on the Hereditary Black Blood Disease. (Tamura and Takahashi's Disease). 209

Shimizu, I. A One-dimensional Diffusion Method of Assaying Streptomycin. (3rd Report). 214

Motokawa K. and **Ebe, M.** Scotopic Process and On-Elements in Human Retina.... 215

Kikuchi, M. Studies on the Antibiotic Substances from Actinomyces. (10th Report). 222

Wada, T. and **Toyota, M.** Transorbital Brain-Ventricle Puncture or a New Method for Pneumoventriculography. 223

Masukawa, A. Do Water-extractible High-molecular Substances of Animal Organs Belong to Parenchyma or Connective Tissue? (A Supplementary Note to Our Cancer Studies.) 227

Wada, T. and **Kurosawa, K.** Dorsomedial Thalamotomy (III): Influence upon Function of Autonomic Nervous System. 237

Hirano, S. A Modification of Sato and Sekiya's Copper Peroxidase Reaction. 239

Nagao, I. Studies on the Antibiotic Substances from Actinomyces. (11th Report). 242

Wada, T. and **Aneha, R.** Dorsomedial Thalamotomy (IV): Somatic Side-effects following Operation. 243

Wada, T. and **Kayaba, T.** Dorsomedial Thalamotomy (V): Results of Psychological Examination. 247

Nagao, I. Studies on the Antibiotic Substances from Actinomyces. (12th Report). 250

Wada, T. and **Ejima, T.** Dorsomedial Thalamotomy (VI): Influence upon Blood Pressure. 251

Suzuki, T., Matumoto, S., Sasaki, J. and **Nunokawa, S.** The Effect of Eserine upon the Accelerated Adrenaline Secretion Caused by KCl. 253

Suzuki, T., Saito, K. and **Kobayasi, Y.** How Acts the Evipan-Sodium Anesthesia upon the Adrenaline Secretion of the Suprarenal Glands? 261

Nagao, I. Studies on the Antibiotic Substances from Actinomyces. (13th Report). 268

PAGE

Takahashi, S. Study of the Technique of the Radiographic Delineation of the Cross Section of the Body. (Study on Rotatography and Cross-graphy.) 269

Ohara, S. and **Odashima, H.** On Direct Cultivation of Bacterium Tularense. 283

Miyamori, A. Studies on the Antibiotic Substances from Actinomyces. (14th Report). In Vitro and In Vivo Activities of Several Kinds of Basic Antibiotics from Actinomyces upon Pasteurella Tularensis. ... 288

Suzuki, T. Adrenaline Load of the Suprarenal Glands of Rabbits in Histamine Poisoning. 289

Kurokawa, T. and **Masuda, T.** A Statistics about the Causes of Delay in the Diagnosis of Stomach Cancer.... 294

Suzuki, T. A Note on the Estimation of Adrenaline in the General Blood. 295

Yamaguchi, T. Our Method of Taking the Radiogram of the Optic Canal.... 300

Suzuki, T. On the Availability of the Bloor & Bullen's Arseno-Molybdic Acid Method for the Assay of Adrenaline in Suprarenal Vein Blood. 301

Vol. 54, No. 4, October 25, 1951.

Wada, T. and **Sato, T.** Dorsomedial Thalamotomy (VII): Changes of Blood Components. 305

Kuroya, M., Ishida, N., Katagiri, K., Takahashi, B. and **Shiratori, T.** Studies on the Antibiotic Substances from Actinomyces. 15th Report. (Preliminary note) 308

Suzuki, T. and **Saito, K.** On the Adrenaline Secretion of the Suprarenal Glands during the Insulin Hypoglycemia in Dogs, Anesthetized with Evipan-Sodium. 309

Masamune, H., Maki, M. and **Hiyama, N.** Biochemical Studies on Carbohydrates. CXLV. N-Acetylchondrosamine, N-Acetyl-α methylchondrosaminide and Desaminochondrosin-cinchonidine-salt. 313

Kuroya, M., Takahashi, B., Ishida, N., Katagiri, K. and **Shimizu, I.** Studies on the Antibiotic Substances from Actinomyces. 16th Report. (Preliminary note)... 318

Masamune, H. and **Siozima, S.** Chemistry and Biology of Lipids. VI. Group A Lipoid from Stomach Mucosa of Pig. 319

Masamune, H., Siozima, S. and **Masukawa, A.** Chemistry and Biology of Lipids. VII. Do the Blood Group Lipoids of Animal Organs Belong to Parenchyma or Connective Tissue? (A Supplementary Note to Our Cancer Studies) 327

PAGE

Suzuki, T. and **Ozaki, T.** A Method of the Colorimetric Determination of Noradrenaline and Adrenaline by Employing the Permanganate Reagent. 332

Siozima, S. Blood Group Lipoids from Human Gastric Mucosa and Gastric Cancer. 333

Suzuki, T., Saito, K. and **Kobayasi, Y.** Adrenaline Secretion of the Suprarenal Glands in Cyanide Anoxia. 343

Satake, M. Is it Adequate to Express the Content of Adrenaline in Adrenals in the Term of Weight, of Gland or of Animal Body ? 351

Masuda, H. Studies on the Temperature of the Gastrointestinal Tract. First Report: Intra-gastric and -esophageal Temperatures of Healthy Adults.... 355

Masuda, H. and **Ohara, M.** Studies on the Temperature of the Gastrointestinal Tract. Second Report: Influence of Bathing on the Intragastric Temperature.... 363

Kuroya, M., Ouchi, N., Kikuchi, M. and **Kuroya, M.** Studies on the Antibiotic Substances from Actinomyces. 1st Report. On the Isolation and Classification of Antibiotic Producing Actinomycetaceae. 371

Motokawa, K. Some Remarks on Measurements of Electrical Excitability of the Human Eye. 385

Okinaka, S., Nakao, K., Ikeda, M. and **Shizume, K.** The Cardio-Accelerator Fibers in the Vagus Nerve. 393

Kaito, I., Tuda, S., Numasawa, T. and **Nakazima, T.** A New Dye (Bromphenolblue) for Liver Function Test. 399

Subject Index to The Tohoku Journal of Experimental Medicine, Vol. 54

Subjects

Actinomyces : Antibiotic substances from — 144, 158, 180, 222, 242, 250, 268, 288, 308, 318
Isolation & classification of antibiotics producing — 371
Adaptation : — & strength-frequency 37
Adrenaline : Effect of eserine on — secretion by potassium chloride 253
Evipan anesthesia upon — secretion... 261
— in rabbit suprarenals on histamine... 289
Estimation of — in general blood 295
Estimation of — in suprarenal vein blood 301
— secretion on insulin in dogs under evipan 309
Colorimetry of — & noradrenaline by permanganate reagent 332
— secretion in cyanide anoxia 343
— content computed in gland weight or body weight 351
Anoxia : adrenaline secretion in cyanide — 343
Antibiotic substances: — — from actinomyces 144, 158, 222, 242, 250, 268, 288, 308, 318
— — from a strain resembling streptomyces roseochromogenus 180
Isolation & classification of — — producing actinomyces 371
Arakawa's reaction : — — compared to prompt thiamine test of human milk 128
Atropine : Effect of — on intestinal movement 21
Autonomic nervous sysetm : Dorsomedial thalamotomy & — — — 237
Bacterium tularense : Direct cultivation of — — 283
Antibiotic substances from actinomyces upon — — infection 288
Bathing : Influence of — on intra-gastric temperature 363
Benzidine test : Simple — — for occult blood 91
Black blood disease : Hereditary — — — (Tamura & Takahashi's disease) 209
Blood : Simple benzidine test of occult — examination 91
Dorsomedial thalamotomy & — changes 305
Blood pressure : Dorsomedial thalamotomy & — — 251
Bloor + Bullen's method for adrenaline : Adrenaline in suprarenal vein blood by — - — — — — 301
Bromphenolblue : A new dye for liver function test 399
Cancer : Protein & polysaccharide from liver metastasis of gastric— 1
— & water-soluble high-molecular substances of organs 227
Statistics of causes of delay in diagnosis of stomach — 295
Blood group lipoids from human gastric — 333
Cardio-accelerator fibers : — - — — in vagus nerve 393
Chondrosamine : Derivatives of — ... 313
Clitoris : Innervation of — in 10th month human embryo 151
Innervation of human adult — 163
Conjunctiva sclerae : Sensory innervation of — — in human adult 159
Cornea : Innervation of human — 105
Cross section of body : Radiographic delineation of — — — — (Rotatography & crossgraphy) 269
Crossgraphy : Rotatory — 59
Desaminochondrosin : Derivatives of — 313
Duodenal tube : New — — 95
Electrical excitability : Measurement of — — of human eye 385
Eserine : Effect of — on adrenaline

secretion by potassium chloride..... 253
Evipan anesthesia : — — upon adrenaline secretion..... 261
Adrenaline secretion on insulin under — — 309
Eye : Measurement of electrical excitability of human — 385
Fatigue : Method for measuring —..... 45
Ganglions : Special nerve terminations in — semilunare & — nodosum... 175
Gastro-intestinal temperature : 355, 363
Group carbohydrate : — — from mucus-mucin of pig stomach 5
Group A lipoid : — — — from pig stomach mucosa 319
Group lipoids : Blood — — of animal organs 327
Blood — — from human gastric mucosa & gastric cancer 333
Group substance : Group A-specific substance; Structural study of — — — from mucus-mucin of pig stomach 115, 129
Heart : — kymogram along perimeter of transsection 9
Automatism of sino-atrial ring of — of warm-blooded animals 29
Histamine : Adrenaline in rabbit suprarenals on — 289
Innervation : — of human cornea 105
— of clitoris in 10th month human embryo 151
Sensory — of conjunctiva scleræ in human adult 159
— of human adult clitoris 163
Insulin : Adrenaline secretion on — in dogs under evipan 309
Intestinal movement : Effect of atropine on — —..... 21
Ions : Effect of — on sensoria of eel labyrinth 145
Labyrinth : Surgery of — 99
Anatomy of eel — 141
Effect of ions on sensoria of eel —..... 145
Lipoid : Group A — from pig stomach mucosa 319
Blood group — of animal organs 327
Blood group — from human gastric mucosa & gastric cancer..... 333
Liver function test : A new dye (bromphenolblue) for — — —..... 399
Melanin : *s.* Pigment.
Mongolian spot : Pigment-bearing cells in — — & blue nevus 181
Mucin : Group carbohydrate from mucus — of pig stomach 5
Structural study of Group A-specific substance of mucus — from pig stomach 115, 129
Mucoitin : — from vitreous humor ... 81
Mucosin : Derivatives of —..... 197
Nerve terminations : Sensory — — in 10th month human embryo 151
Sensory — — in human adult clitoris 163
Special — — in ganglion semilunare & ganglion nodosum 175
Noradrenaline : Colorimetry of — & adrenaline by permanganate reagent 332
On-elements : Scotopic process & — — in human retina 215
Optic canal: New method of radiogram of — — 300
Organs, animal: Water-soluble high-molecular substances of — —..... 227
Pasteurella tularensis: *s.* Bacterium tularense.
Pigment : Incontinentia pigmenti 67
— anomaly; demarcation lines of pigmentation..... 135
—-bearing cells in Mongolian spot & blue nevus 181
Pigmentation : Demarcation lines of — among the Japanese..... 135
Pneumoventriculography : Transorbital brain-ventricle puncture for — ... 223
Potassium chloride : Effect of eserine on adrenaline secretion by — — 253
Protein : Non-amino sugars in serum — 53
Prurigo : — nodularis 73
Psychological examination : Dorsomedial thalamotomy & — — 247
Radiogram : — in three dimensions; solidography 121
— of cross section of body (Rotatography & crossgraphy) 269

— of optic canal 300
Retina : Modulators & dominators of toad's — 11
Resonance phenomena of retinal receptors 189
Scotopic process & on-elements in human — 215
Roentgenography: Rotatory cross-graphy 59
Sarcoma : Diagnosis of — by skin test..... 203
Sato & Sekiya's peroxidase reaction : Modification of— — — — — 239
Scotopic process : — — & on-elements in human retina 215
Silver impregnation : — — of nervous system 85
Skin test : Diagnosis of sarcoma by — — 203
Solidography : 121
Statistics : — of causes of delay in cancer diagnosis 294
Streptomycin : Assay of; Comparative study of cup-, paper disc-, pulp disc-, & superposition-assay methods 188
Assay of —; one-dimensional diffusion method 202, 214
Sugar : Non-amino — in serum proteins 53
Tamura & Takahashi's disease : ... 209
Temperatures : Intra-gastric & -esophageal — of healthy adults 355
Influence of bathing on intra-gastric — 363
Thalamotomy : Dorsomedial — & autonomic nervous system 237
Dorsomedial — & somatic side-effects. 243
Dorsomedial — & psychological examination 247
Dorsomedial — & blood pressure... 251
Dorsomedial — & blood changes ... 305
Transorbital brain-ventricle puncture : — — - — — for pneumoventriculography 223
Tularemia : Direct cultivation of bacterium tularense 283
Vagus nerve : Cardio-accelerator fibers in — — 393
Vitreous humor : Mucoitin from — — 81
